SECTION 01

Message from the Candidate

A personal commitment to the people of Kanyaluo

William Oballa

MCA ASPIRANT

KANYALUO WARD · 2027

DEAR KANYALUO RESIDENT

My name is William Oballa, and I am seeking your mandate to serve as the Member of County

Assembly for Kanyaluo Ward in the 2027 General Election. I come before you not as a politician chasing a seat, but as a son of this land who has watched our ward's potential go unrealised for far too long.

Kanyaluo Ward, nestled within Karachuonyo Constituency in Homa Bay County, is blessed with hardworking people, fertile land, a vibrant business people, and farmers, and a generation of young people hungry for opportunity. Yet we have lacked the focused, accountable representation at the County Assembly level that our ward deserves.

This manifesto is my contract with you. It is not a list of promises written to win votes and forgotten the morning after the election. It is a detailed, practical roadmap — built around five concrete pillars — that I will pursue through every legislative motion, every ward development

allocation, and every engagement with the County Government of Homa Bay.

"Kanyaluo is not poor. Kanyaluo is under-invested. The difference is everything — because investment can be fixed."

— WILLIAM OBALLA

I ask for your vote — not as an act of blind faith, but as a partnership. Hold me accountable. Read this manifesto. Remind me of its contents. And together, let us build a Kanyaluo Ward that works for every household — from the business people in Kanyaluo to the farming families in our interior.

Tich gi Kwe — Work and Peace. That is our promise.

WILLIAM OBALLA · MCA ASPIRANT · KANYALUO WARD

SECTION 02 - ABOUT THE CANDIDATE

SECTION 02

About William Oballa

Background, values, and the vision that drives this candidacy

Who is William Oballa?

FULL NAME	William Oballa
WARD	Kanyaluo Ward, Karachuonyo Constituency
COUNTY	Homa Bay County
PARTY	United Democratic Alliance (UDA)
POSITION SOUGHT	Member of County Assembly (MCA)
ELECTION YEAR	2027 General Election

Values & Guiding Principles

William Oballa is a community-rooted leader who has spent years working among the people of Kanyaluo Ward, understanding first-hand the daily realities of farmers, fishermen, youth, and women who struggle to access economic opportunity and quality public services. His candidacy is rooted in service, not self-interest.

A firm believer in the **hustler philosophy** championed by the United Democratic Alliance under President William Samoei Ruto, Oballa holds that economic dignity begins from the ground up — through honest work, fair access to capital, and a government that listens to ordinary people.

He is guided by four core values:

Integrity — doing what is right even when no one is watching;

Accountability — subjecting himself and ward funds to full public scrutiny;

Inclusivity — ensuring women, youth, and persons with disabilities are active beneficiaries of ward development;

and **Delivery** — measuring success by tangible results, not political rhetoric.

William understands that the role of the MCA is legislative and oversight-oriented. He commits to participating actively in County Assembly sessions, presenting petitions and motions on behalf of Kanyaluo, engaging in budget-making processes, and ensuring that the annual ward development allocations are spent transparently and wisely.

PARTY AFFILIATION - UNITED DEMOCRATIC ALLIANCE (UDA)

William Oballa runs on the UDA ticket, fully aligned with the national UDA agenda of bottom-up economic transformation, affordable housing, agricultural investment, and TVET expansion. A vote for Oballa is a vote to bring the full force of UDA's development agenda to Kanyaluo Ward.

SECTION 03

Kanyaluo Ward — Our Context

Understanding where we are before deciding where we are going

Kanyaluo Ward is located in Karachuonyo Constituency, Homa Bay County. Its land areas support rain-fed smallholder farming, primarily maize, sorghum, cassava, and vegetables.

~30,000

ESTIMATED POPULATION

60%+

YOUTH (UNDER 35)

**Trade &
Agriculture**

PRIMARY ECONOMIC ASSET

Key Challenges Facing the Ward

ECONOMIC CHALLENGES

- ✓ High youth unemployment and underemployment
- ✓ Limited access to affordable credit and financial services
- ✓ Underdeveloped market infrastructure limiting trade
- ✓ Low value addition to agricultural produce before sale

SOCIAL & INFRASTRUCTURE CHALLENGES

- ✓ Poor road network, especially feeder roads to markets
- ✓ Limited access to clean water in interior villages
- ✓ Inadequate healthcare facilities at ward level
- ✓ Low bursary uptake due to awareness gaps
- ✓ Lack of recreational and sports facilities for youth

Opportunities We Will Unlock

NATURAL & ECONOMIC ASSETS

- ✓ Trade — an untapped economy of business people
- ✓ Fertile land suitable for diversified crop farming
- ✓ A young, energetic population ready to work
- ✓ Strategic location within Karachuonyo for trade routes

POLICY & DEVOLUTION OPPORTUNITIES

- ✓ Ward Development Fund allocations through the County
- ✓ National government TVET expansion programme
- ✓ Homa Bay County Agriculture Support Programmes
- ✓ UDA bottom-up economic model national programmes

"Our challenges are real, but they are not unique to us. What has been missing is focused, persistent representation that fights for Kanyaluo in

the County Assembly budget rooms. That changes in 2027."

— WILLIAM OBALLA

WILLIAM OBALLA · MCA ASPIRANT · KANYALUO WARD

SECTION 04 - SKILLS & JOBS

PILLAR 01 OF 05

Skills & Jobs

Empowering the youth of Kanyaluo through education, training, and employment

01

SKILLS & JOBS FOR OUR YOUTH

TVETs · Vocational Training · Apprenticeships · Employment
Linkages

Youth unemployment is Kanyaluo Ward's most urgent crisis. Over 60% of our population is under the age of 35, yet there are few structured pathways from school to sustainable livelihood. William Oballa's first pillar is a direct answer to this challenge.

The Problem We Are Solving

Many young people in Kanyaluo complete secondary school with no clear path forward. The nearest Technical and Vocational Education and Training (TVET) institutions are distant, fees are prohibitive, and awareness about available government scholarships is low. At the same time, the ward's fishing and farming potential is held back by a lack of skills to venture into industry and reap big.

Our Specific Commitments

- ✔ Lobby the County Government of Homa Bay
- ✔ **Ward-Level** in Kanyaluo — a light technical training centre offering courses in mechanics,

- | | | |
|--|-----------------|---|
| and the National Government to establish a | TVET Hub | electrical work, tailoring, ICT, and fish processing. |
|--|-----------------|---|
-
- ✓ Work with the Constituency Development Fund (CDF) Committee and the County to

expand bursary access for TVET students

specifically – not just those pursuing university education.
 - ✓ Establish a

Youth Skills Register

– a database of all qualified, trained youth in the ward – and actively partner with county and private employers to create placement and apprenticeship opportunities.
 - ✓ Push for a

Ward Youth Empowerment Programme

providing seed grants of Ksh 10,000–50,000 to youth completing TVET and vocational training, allowing them to start micro-enterprises.
 - ✓ Partner with the Kenya National Qualifications Authority (KNQA) and Homa Bay County TVET Directorate to

accredit informal skills

– particularly among fisherfolk and artisans – so their expertise is formally recognised.
 - ✓ Advocate for the construction of a

Community Learning and Resource Centre

in Kanyaluo Ward with computer labs, a small library, and entrepreneurship training space.

IMPLEMENTATION TIMELINE

- YEAR 1 (2027-2028)**

Establish Youth Skills Register. Begin lobbying for TVET Hub site allocation. Facilitate bursary awareness campaigns in all villages.
- YEAR 2-3 (2028-2030)**

Secure land and commence construction of TVET Hub. Launch first cohort of apprenticeship partnerships. Distribute 100+ seed grants to qualified youth entrepreneurs.
- YEAR 4-5 (2030-2032)**

TVET Hub operational. Over 500 youth trained per year. Community Learning Centre completed and open to all residents.

SACCOs & Cooperatives

Financial inclusion and collective economic power for Kanyaluo households

02

SACCOS & COOPERATIVES

Youth SACCOs · Women's Groups · Fisheries Cooperatives · Agri-Cooperatives

Financial exclusion is one of the greatest barriers to prosperity in Kanyaluo. Banks and formal financial institutions remain out of reach for most households. The solution lies in strengthening and formalising cooperative structures that already exist within our communities.

The Cooperative Advantage

Cooperatives and SACCOs are not new to Kanyaluo. Informal chamas, merry-go-rounds, and table-banking have operated here for generations. What is missing is the formalisation, registration, capacity building, and linkage to county-level funding mechanisms that would transform these groups into genuine economic powerhouses.

Our Specific Commitments

- | | | |
|--|---|--|
| ✓ Facilitate the | registration and formalisation of at least 20 youth and women-led SACCOs | in Kanyaluo Ward within the first term, providing each with legal and governance support. |
| ✓ Lobby the County Government of Homa Bay to establish a dedicated | Women's Enterprise Development Fund window | at ward level, disbursing interest-reduced loans through registered women's cooperatives. |
| ✓ Push for | annual SACCO capacity- | covering governance, record-keeping, loan management, and growth strategies — funded through ward development allocations. |

building workshops

- ✓ Facilitate linkages between Kanyaluo cooperatives and county-level procurement opportunities, ensuring **local groups supply goods and services to county facilities** in the ward.
- ✓ Advocate for the **Homa Bay County Youth Enterprise Fund** to actively include Kanyaluo Ward beneficiaries, and personally follow up each allocation cycle.

WOMEN-LED GROUPS – A SPECIAL PRIORITY

Women in Kanyaluo Ward are the backbone of the household economy, yet they are often excluded from formal financial systems. William Oballa commits to ensuring that at least 40% of all SACCO support interventions, grants, and cooperative-linked county programmes are directed to women-led groups in the ward.

WILLIAM OBALLA · MCA ASPIRANT · KANYALUO WARD

SECTION 06 - SPORTS & TALENT

PILLAR 03 OF 05

Sports & Talent Development

Channelling the energy and gifts of Kanyaluo's youth into opportunity

03

SPORTS & TALENT ACADEMIES

Football · Athletics · Music & Arts · Ward Sports Tournaments

Kanyaluo's youth are talented. The Luo community has produced world-class footballers, athletes, musicians, and artists. Yet within the ward, there is no structured environment to identify, nurture, and develop these gifts.

Sports and talent development are not luxuries — they are pathways to livelihood, pride, and national identity.

Our Specific Commitments

- ✔ Lobby the County Government to **construct and equip a Ward Sports Ground** in Kanyaluo with standard football pitch dimensions, lighting for evening use, and basic changing facilities.
- ✔ Establish an annual **Kanyaluo Ward Sports Tournament** — a football, athletics, and games competition spanning all villages — with prizes, sponsorship, and talent scouting components built in.
- ✔ Work with Homa Bay County Sports Department to identify and enroll top-performing youth athletes from Kanyaluo into **County-level academies and national talent pipelines**.
- ✔ Advocate for the establishment of a **Ward Culture and Arts Centre** — a modest creative space where youth can practise music, drama, visual arts, and traditional Luo performing arts.
- ✔ Partner with schools in the ward to **revive and fund inter-school sports competitions**, ensuring every child has access to structured physical activity and competition.
- ✔ Lobby for the inclusion of a **Sports Equipment Grant** in the ward development budget — annual allocation for footballs, nets, athletics equipment, and basic musical instruments for youth groups.

"A child kicking a football in Kanyaluo today could be wearing the Harambee Stars jersey tomorrow. But only if we give them a pitch, a coach, and a chance."

— WILLIAM OBALLA

PILLAR 04 OF 05

Agriculture Growth

Feeding Kanyaluo families and creating agricultural prosperity

04

AGRICULTURE GROWTH

Farmer Cooperatives · Inputs Access · Irrigation · Value Addition

Agriculture remains the backbone of household economies in Kanyaluo's interior villages. But our farmers are hobbled by poor access to quality inputs, lack of affordable credit, minimal county extension services, and a near-total absence of value addition infrastructure. William Oballa's agriculture pillar is about turning Kanyaluo into a food-secure, commercially productive agricultural ward.

The Agricultural Reality in Kanyaluo

The majority of farming households in Kanyaluo grow maize, sorghum, sweet potatoes, cassava, and vegetables for subsistence, with small surpluses sold at local markets. Low soil fertility, erratic rainfall, and the high cost of certified seeds and fertiliser have suppressed yields. Meanwhile, post-harvest losses remain high due to poor storage and lack of market information.

Our Specific Commitments

- ✓ Lobby the Homa Bay County Government to **post a permanent Agricultural Extension Officer** to Kanyaluo Ward, providing farm advisory services, soil testing, and input guidance to all registered farmers.
- ✓ Facilitate the formation of **Kanyaluo Ward** — bringing together smallholder farmers to collectively access subsidised inputs, negotiate

and **Farmers' Cooperative** fair produce prices, and qualify for county and registration of a **Cooperative** national agriculture support programmes.

- ✓ Advocate **small-scale irrigation boreholes and construction of valley dams** at strategic locations in the ward to support dry-season farming and reduce rain-dependency.
- ✓ Push **Ward Seed and Input Bank** — a revolving, community-managed facility providing certified seeds, lime, and fertiliser at subsidised rates to registered farmers.
- ✓ Lobby for establishment of **community grain storage facilities** (posho mills and grain stores) to reduce post-harvest losses and enable farmers to sell when prices are favourable.
- ✓ Facilitate linkages with the national **Fertiliser Subsidy Programme** to ensure Kanyaluo farmers are registered and actively benefit every planting season.
- ✓ Advocate for a **Blue Economy + Agriculture Integration Programme** — supporting households to adopt small-scale vegetable and aquaculture production as supplementary income.

~70%

FARMING

40%+

EST. POST-HARVEST
LOSS

0

IRRIGATION SCHEMES
CURRENTLY

A community's economic health is only as strong as its market infrastructure. In Kanyaluo Ward, existing markets suffer from poor physical infrastructure — muddy open spaces with no permanent stalls, no sanitation, no electricity, and no cold storage. This depresses prices, deters buyers, and stunts local economic growth.

Our Specific Commitments

- ✓ Prioritise the **construction or rehabilitation of at least two major market centres** in Kanyaluo Ward during the first term, with permanent vendor stalls, sanitation blocks, a water point, and waste disposal facilities.
- ✓ Lobby for the **grading and gravelling of key feeder roads** connecting interior farming villages to market centres — addressing the perennial problem of produce rotting due to impassable roads during the rainy season.
- ✓ Facilitate the **electrification of market centres** and advocate for solar lighting installations to enable extended trading hours and improve security for traders.
- ✓ Work with the Homa Bay County Trade Department to **streamline market levies** — ensuring traders pay fair, transparent charges and that collected fees are visibly reinvested into market infrastructure.
- ✓ Push for **digital market linkages** — connecting Kanyaluo traders to county-level e-commerce and market information platforms.
- ✓ Advocate for a dedicated **Women and Youth Market Space** within upgraded market centres — reserved, subsidised stalls for emerging small-scale traders.

"A good market is not just a place to buy and sell. It is a place where a farming family's produce becomes school fees. Where a farmer's harvest becomes a roof. We will build those places in Kanyaluo."

— WILLIAM OBALLA

WILLIAM OBALLA · MCA ASPIRANT · KANYALUO WARD

SECTION 09 - CROSS-CUTTING ISSUES

SECTION 09

Cross-Cutting Issues

Healthcare, roads, water, education, and governance — because development is whole

Beyond the five pillars, the people of Kanyaluo have raised consistent concerns about basic services that cut across all aspects of life. William Oballa commits to raising these issues persistently in the County Assembly and using every available legislative and budgetary lever to address them.

Healthcare

- | | | | |
|---|---------------|--|--|
| ✓ | Lobby for the | upgrade of the ward health facility | to a Level 3 health centre with maternity services, basic surgical capacity, and a 24-hour emergency room. |
| ✓ | Advocate for | full staffing of all dispensaries | in Kanyaluo, including posting of a Clinical Officer and a Kenya Registered Nurse to each facility. |
| ✓ | Push for a | mobile health outreach programme | to serve villages far from static health facilities, prioritising maternal and child health and HIV/AIDS services. |

- ✔ Lobby for reliable supply of **drugs and medical commodities** at all Kanyaluo Ward health facilities through the Homa Bay County health supply chain.

Roads & Connectivity

- ✔ Advocate for **annual maintenance and grading** of all key feeder roads in the ward through the County Roads Department and the Kenya Rural Roads Authority (KeRRA).
- ✔ Push for **construction of footbridges** over seasonal streams that regularly cut off villages from schools, markets, and health facilities during flooding.
- ✔ Lobby for the **extension of tarmac road access** to the ward's main trading centres in the medium term.

Water & Sanitation

- ✔ Advocate for the **sinking of boreholes and installation of water kiosks** in water-stressed villages, coordinated through the Homa Bay Water and Sewerage Company.
- ✔ Push for **rain-water harvesting infrastructure** — tanks and pans — at all public schools and health facilities in the ward.
- ✔ Lobby for a **community sanitation improvement programme** to eliminate open defecation and increase latrine coverage.

Education & Bursaries

- ✔ Ensure **maximum utilisation of the CDF bursary fund** by conducting ward-level sensitisation campaigns before every application deadline.
- ✔ Advocate for the **expansion of the Homa Bay County Bursary** to include TVET students and special needs learners, not only secondary school students.
- ✔ Push for **infrastructure improvements** at primary and secondary schools in the ward — classrooms, latrines, and water facilities — funded through the ward development allocation.

Persons with Disabilities (PWDs)

- ✔ Ensure that **at least 5% of ward development fund allocations** are directed to initiatives benefiting persons with disabilities in the ward.
- ✔ Advocate for **accessibility modifications** to all new public infrastructure constructed in the ward – ramps, accessible latrines, and signage.

WILLIAM OBALLA · MCA ASPIRANT · KANYALUO WARD

SECTION 10 - WARD DEVELOPMENT FUND

SECTION 10

Ward Development Fund Strategy

Accountability, transparency, and maximum impact from every shilling

The Ward Development Fund (WDF), allocated through the County Government, is the MCA's primary direct development tool. William Oballa commits to managing this fund with absolute transparency and to maximising its development impact in Kanyaluo Ward.

Proposed Fund Allocation Framework

ECONOMIC ENABLEMENT (35%)

- ✔ TVET Hub development and youth skills grants
- ✔ SACCO seed capital and cooperative capacity building
- ✔ Market infrastructure construction and rehabilitation

AGRICULTURE & LIVELIHOODS (25%)

- ✔ Irrigation infrastructure and valley dams
- ✔ Grain storage facilities and input banks
- ✔ Farmer cooperative registration and capacity

SOCIAL SERVICES (25%)

- ✓ Health facility upgrades and medical equipment
- ✓ School infrastructure improvements
- ✓ Clean water and sanitation projects

SPORTS, CULTURE & COMMUNITY (15%)

- ✓ Sports grounds and equipment
- ✓ Arts and culture facilities
- ✓ Community centre and library development

Accountability Commitments

- ✓ Publish an **Annual Ward Development Report** detailing every shilling received and spent, made available at the chief's camp, market centres, and on social media.
- ✓ Hold **quarterly community barazas** in every sub-location to report on fund utilisation and receive community input on priorities.
- ✓ Establish a **Ward Development Committee** inclusive of youth, women, elders, and religious leaders to provide oversight and direction on development allocations.
- ✓ Never award a ward development contract to a company or individual without a **transparent, community-visible procurement process**.
- ✓ Invite the **Office of the Controller of Budget** and the Homa Bay County Assembly Committee on Finance to conduct annual reviews of Kanyaluo Ward development expenditure.

"Ward money is not MCA money. It is the people's money. My job is to be its most faithful steward — and to account for every cent to the people who sent me to the Assembly."

— WILLIAM OBALLA

Declaration & Call to Action

A covenant with the people of Kanyaluo Ward

My Covenant with Kanyaluo

I, William Oballa, standing before the people of Kanyaluo Ward — the traders of Kanyaluo, the farmers of the land, the mothers raising the next generation, the youth chasing a better future, the elders who have carried this community on their shoulders — make this solemn commitment:

If you give me the privilege of serving as your Member of County Assembly, I will show up. I will fight for you in every Assembly session. I will account for every shilling entrusted to this ward. I will be present in your villages, at your markets, in your schools, and at your bedsides in hospital when duty calls. I will not disappear after the election.

This manifesto is my contract. Hold me to it. Read it. Share it. And on election day — vote for the work, vote for the change, vote for Kanyaluo.
